GRANTOR

REPRESENTATIVE (4)

OFFICIAL NRP

1. In the case of a legal representative, a true copy of the deed or constitutive document of the legal person or entity and a public document of their appointment to office or administrator, current and registered in the corresponding public Registries when appropriate. In another case, a public or private document with a notarized signature that proves sufficient power to grant the powers of attorney in question.

2. This option A allows granting power of attorney individually for the procedures that are desired, identifying them in the table by their code and description, within those enabled to be carried out on the Internet that are published in the Electronic Headquarters of the Tax Agency. In the case of powers of attorney for the receipt of notifications, it will imply consent to the practice of notifications to the attorney-in-fact using electronic means.

3. You can check all the boxes or just the ones you want. If the first is checked, the representation will extend to all the procedures whose authorization to carry out on the Internet is published or will be published in the future, in the electronic headquarters of the Tax Agency, except those included in boxes 2 to 4. If the second box is ticked, the representation will be extended to all personal data inquiries enabled or enabled to be carried out over the Internet. If the third is marked, it will be extended to the receipt of any notification that has to be made to the represented by the State Tax Administration Agency, in accordance with existing legislation, and implies that the use of electronic means is allowed for the practice of notifications to the proxy. If the fourth is marked, the representation will be extended to the telematic payment of a third party through the Electronic Headquarters of the Tax Agency, by means of the charge in any account owned by the principal.

(4) Only necessary in case of empowerment for the electronic receipt of communications and notifications
