Shipment created
Your shipment has been split into 2 destinations. Learn more.

To view additional details, choose from 1 of the 2 box groups below:
Box group 1 of 2 | Route RLG1 (Mecklenburg-Vorpommern DE)

In transit
Your shipment will enter In transit status when you provide the tracking number that your carrier gave you. Providing tracking numbers helps prevent delays in receiving your shipment. Learn more

Delivered
Amazon has received information from the carrier that your shipment is ready for delivery or that it was delivered to the fulfillment centre facility yard but the fulfillment centre has not yet checked it in. Learn more

Checked in
Your shipment will enter Checked-in status when it has moved from the facility yard to the dock door and is ready to be unloaded

Receiving
Your shipment will enter Receiving status when Amazon scans your first shipment ID label. Received units are available for sale. Units may be transferred to other fulfillment centres closer to customers. Learn more

Shipment closing
Your shipment will enter the Closed status when Amazon has either confirmed all units received in your shipment against your shipped quantity or your shipment has been open for more than 90 days since creation, whichever is first. Amazon will continue to receive shipments that are already in transit. You cannot ship additional units for a closed shipment.
