Fulfilment by Amazon Settings

Cross-Border Fulfilment Settings		Edit
Pan-European FBA Learn more	Sell across Europe with faster delivery and domestic fulfilment fees. Here is how: Activate offers for your qualifying products in ALL required marketplaces to qualify for benefits (typically UK, Germany, France, Italy and Spain). Allow Amazon to distribute and store your products in additional countries. Benefits apply to marketplaces where storage is allowed. Where you have a VAT number, we will automatically enable inventory storage.	
Enable inventory storage Learn more	Germany, United Kingdom	
List your products across Europe Learn more	Enabled	
EFN between the UK and the EU Learn more	You have opportunities to grow your business in new destinations in this region. Please visit Marketplace Enrolment in Remote Fulfilment with FBA
